Now Write! Mysteries: Suspense, Crime, Thriller, And Other Mystery Fiction Exercises From Today's Best Writers And Teachers

Synopsis

The essential handbook for writers of whodunits, techno- thrillers, cozies, and everything in between-featuring never-before- published personal writing exercises from some of today's bestselling and award-winning mystery writers. Now Write! Mysteries, the fourth volume in the acclaimed Now Write! writing guide series, brings together numerous bestselling authors-including winners of and nominees for the Edgar, Hugo, and Shamus awards,-for the definitive guide to writing mysteries, thrillers, and suspense stories. Now Write! Mysteries teaches you everything you've ever wanted to know about crafting a page-turning mystery-from creating a believable detective hero (or terrifying villain), to using real-life cutting-edge investigative techniques to bring your story to life-with practical exercises taken directly from the pros:Â Discover the best techniques for seamlessly integrating action into your story with John Lutz, New York Times-bestselling author of Urge to Kill, Night Kills, and Serial.Â Learn how to fine-tune your sense of place and setting with Louise Penny, New York Times-bestselling author of the Armand Gamache mysteries.Â Take advice from Lorenzo Carcaterra, author of Sleepers and writer/producer for Law & Order, on how to compose a scene that lives up to your character's backstory.Â Let Marcia Talley, Agatha- and Anthony-winning author of the Hannah Ives mysteries, show you how to build a memorable, engaging detective. (Hint: It's not about making him flawless.)Others included are: Simon Brett, Hallie Ephron, Meg Gardiner, Peter James, Christopher G. Moore, Michael Sears, and many others. No other mystery-writing guide offers the road tested wisdom of so many award-winners and bestselling authors in one place.

Customer Reviews

I am a fan of the Now Write series in general. The concept is so solid and the contributors have been ace and you could use each book (particularly the nonfiction one) as a miniature writing course, just working through the exercises. The bone I'd pick with this is that research is fun, but not sure it should be frontloaded as the first item in the headings. I found exploring character and relations and casting and then setting the crime to be more interesting, and to be honest, it was doing those things that made me realize **WHAT** I needed to research. Then again, this isn't a 'read from a-to-z book. You're free to jump around. Some of the exercises lack a direct line to the topic: the 'sex scene' one gave good advice--It **HAS** to move the plot forward!--but the exercise could apply to any kind of scene at all. Which is a good exercise, but it seemed a bit out of focus to me. All in all some gem exercises for all stages of mystery planning.

This was an awesome book both for seasoned as well as beginning mystery writers. I especially enjoyed the exercises at the end of each chapter. Getting advice from some of the most successful mystery authors in the business was eye-opening, even to me, a published mystery author.

Great content if you're writing mysteries or just writing in general. Borrowed it from the library when I read it and then bought it as a present for one of my little brothers. I almost kept it for myself.

I love this book! Short essays and writing exercises by more than fifty mystery writers add up to a powerful writing course! The suggestions are succinct, useful, to-the-point and very intriguing. This is a good book for all aspiring writers whether or not mystery is their genre. Yes. Like!! Kim Burdick Stanton, Delaware

I'm a writer, and I've guested on numerous blogs. I'm always asked what advice I'd give a new writer. I always say, go out and buy some really good self-help books in the genre you want to write in. That you wouldn't try to do anything else that you had little or no experience doing--without first seeking advice--why is writing any different? This, like other self-help books, can't write your book for you. But, it can save you a lot of time fixing mistakes that, as a new writer, you might make. This is an excellent book. If you want to write a mystery--start here. This is research.

I bought this book based on good reviews. I wanted something to give me tips on writing a mystery or crime novel, and this book delivers. It is set up as mini-essays or short chapters about different aspects of writing and it gives you exercises to do to apply what you've learned. I appreciated this format as the bite-sized information makes it easy to digest. Happy with this purchase.

A collection of short exercises from a variety of writers. Not a nuts and bolts guide, but rather thoughts and concepts that are thrown out at you, and exercises for trying your hand at it.

An excellent book of exercises for both the novice and professional writers. Established writers giving tips on their successful ways. I found them fascinating, fun and useful.
