# Book Of Lies: The Disinformation Guide To Magick And The Occult

## Synopsis

First published in 2003, *Book of Lies* was hailed as a 21st century grimoire and instantly became a cult classic. Now reformatted for the next generation of magicians and all counterculture devotees, it gathers an unprecedented cabal of occultists, esoteric scholars, and forward thinkers, all curated by Disinformation's former "wicked warlock" Richard Metzger. This compendium of the occult includes entries on topics as diverse and dangerous as Aleister Crowley, secret societies, psychedelics, and magick in theory and practice. The result is an alchemical formula that may well rip a hole in the fabric of your reality: Mark Pesce, author of *The Playful World*, compares computer programming and spellcasting. Genesis Breyer P-Orridge, father of Industrial Music and Rave culture explains how samples in a rave song can have magical consequences. William Burroughs and the occult. Nevill Drury, Australia's most noted occult writer, tells of Dion Fortune, Austin Spare, and Rosaleen Norton. Donald Tyson's "The Enochian Apocalypse Working" ask if the seeds of the end of the world sown in the Elizabethan era. A biographical essay on Marjorie Cameron, the fascinating character from Los Angeles' occult and beatnik scene. Hitler and the occult--Peter Levenda interview by Tracy Twyman. Robert Temple on how his book *The Sirius Mystery's*, controversial thesis (for which he was ridiculed) was proven by the Hubble telescope twenty-five years late. An exclusive Anton LaVey interview by Michael Moynihan, author of best-selling book *Lords of Chaos*. Erik Davis, author of *Techgnosis*, looks at H. P. Lovecraft's *Magick Realism*. Robert Anton Wilson on Timothy Leary and Aleister Crowley. Comics genius Grant Morrison offers *Magic for the people*. It's all here and more!

## Book Information

## Customer Reviews

If the occultophobes of the world had any sense, they would leave the Harry Potter series alone and forget all about it. THIS is the book they should be trying to burn. *Book of Lies: The Disinformation Guide to Magick and the Occult* is a collection of essays and articles by leading voices in the occult world. A total of 40 written pieces take up roughly 350 pages here. A small sampling of these includes Phil Hine on magical initiation, Donald Tyson on the Enochian Apocalypse, and Boyd Rice on the connections between the Biblical Leviathan and the mythic Dagon. An entire section is devoted to the infamous Aleister Crowley, his life's work, and those who took his ideas and ran with them. Fiction writer Grant Morrison (*The Invisibles*) delivers his philosophy on modern magickal practice as a lifestyle. Erik Davis discusses the fiction of H.P. Lovecraft and its significance to the practicing occultist. Tau Allen Greenfield debunks the popular history of Wicca. This book reprints an interview with late Church of Satan founder Anton LaVey by author/musician Michael Moynihan (*Lords of Chaos*, *Blood Axis*) and Dr. Stephen Flowers's essay "The Secret of the Gothick God of Darkness." Only Robert Mason's article on the "Ahriman Consciousness" seems strangely out of place; it reads more like a vaguely Christianized version of David Icke's conspiracy theories than the work of a practicing magician. Be advised this is not a "spellbook" as such; a few articles give practical advice for starting points and point the way to further study, but the book as a whole is an exhibit, not a seminar. But it's a very well-assembled and stimulating exhibit; read it to learn, evaluate, and be inspired.
