# Earth Magic: Ancient Shamanic Wisdom For Healing Yourself, Others, And The Planet

## Synopsis

In *Earth Magic*, Steven Farmer offers a unique synthesis of ancient spiritual practices and philosophies that have proven over millennia to help heal the spiritual causes of physical and emotional illnesses, augment personal power, enhance manifestation abilities, and encourage a balanced and harmonious relationship with our Earth. Although the foundation for *Earth Magic* is universal shamanic wisdom, you don't need to have an interest in shamanism to benefit from its contents, as it expands beyond this topic to incorporate processes that are useful for all those with the sincere intention to heal themselves, others, and our planet.

## Customer Reviews

I like this book. Other people say what they say. I like reviews that mention similar books, at least books on the same path, so I do that. The real test of any set of ideas is do the techniques work? Yes, here. Other books that support this book's direction include *The Physics of Miracles: Tapping in to the Field of Consciousness Potential*, *Redneck Shaman*, *The Future Is Yours: Do Something About It!*, *Lost Secrets of Ancient Hawaiian Huna, Volume 1*, and *ThetaHealing*, which are useful. There is a Sufi story about moths, and the only moth that really understands the candle is the one who gives himself totally to the light, and the light gives itself to him. This applies to shamanic work. Shamanic techniques work from the larger self, especially in service to others. Shamanism means working with the subconscious, and at times superconscious minds. It cannot be apprehended by the conscious mind, the ego. Without service, many things just don't work, or work only slightly.
