Traveller Deck Plan 5: Sulieman-Class Scout / Courier (Gurps)

Synopsis

The 100-ton Sulieman is one of the most commonly encountered vessels in Imperial space and on its borders. The Scout Service uses thousands of Suliemans for reconnaissance, survey, courier/VIP transport, and liaison duties; the Sulieman II seeker is the standard mineral survey craft. Retired scouts are sometimes granted the long-term use of a Sulieman for private prospecting or trade. Because this vessel is so easily available to PCs, this deck plan will be of interest to players as well as GMs. It comprises 8 double-sided sheets (hexes on one side, squares on the other), and includes a set of Cardboard Heroes miniatures to crew the ship and provide encounters.

Customer Reviews

excellent design, more like 35mm instead of 25mm but still useable with 25mm, nice quality of paper - with legends on each individual sheet.
