# Captive Justice: A Private Investigator Mystery Thriller (A Jake & Annie Lincoln Thriller Book 4)

## Synopsis

When a woman is abducted and the self-proclaimed "Merchant of Life" demands strict adherence to his impossible terms, the police are perplexed. Private investigators Jake and Annie Lincoln are drawn into peril when the kidnapper demands Jake deliver the ransom money. The exchange takes place as planned, but when the abducted woman's body is discovered brutally murdered, the search for an unpredictable madman begins. As the kidnappings continue, the Lincolns' own lives are put in jeopardy as they scramble to unweave this baffling puzzle before the treacherous murderer can claim more victims, among whom may be the Lincolns themselves.

## Customer Reviews

There are many positive reasons to read and enjoy this book. It is a stand alone story in the series

and does not have to be read in any order. It is a no-nonsense investigative story with just the facts. The police and Lincolns work well together. There is no arguing or animosity between any characters. No uncomfortable sex scenes or romance stories. And no offensive language. All that being said, this is a great story. Very fast paced and keeps you guessing till the end. A surprise ending you will never see coming. This book will not disappoint any mystery lover.

I've had enough of these books. They all seem to follow the same order - lots of killing, so called heroes putting themselves in ridiculous situations just so they can "save the day". The one good staple is the lack of unnecessary expletives. I also got tired of the meaningless exaggerations - digging out a business card, slamming the car in gear, stabbing at the phone to turn it on, etc....enough!

This author is new to me. He did a good job with character development, and plotting. Many surprises and a thrilling ending. Also, thankfully missing we're foul language, immorality, and blasphemy; all reasons I stop reading someone. Overall, a very enjoyable read.

I downloaded Captive Justice as soon as I saw it was out and I wasn't disappointed. It was well worth the wait. It was hard to put the book down and I was intrigued until the last word. I look forward to the next great book in the Jake and Annie series!

Enjoyed all four books. Liked the characters. There were not a lot of words and descriptions to bore you. I always skip those. It's hard to say which book I liked the best they were all good and the plots were varied.

The basic plot was good. The ending was a clever, but the reasoning and technical aspects were full of holes. There was also too much irrelevant descriptive filler. If you can overlook those, it's worth reading. The language was clean, and I appreciated that.

I have never been one to read books of any kind but after reading the first one in this series I could wait to get all the others. It's hard to put it down. Thanks Rayven, I CAN'T WAIT FOR THE NEXT ONE.

What a twisted this story was! Sure had me surprised. Can't wait to read Justice Overdue. Love

Jake & Annie. I highly recommend ALL of Rayven's books
