Customer Reviews

Fragile Path is a book intended towards an audience that wants to see through the classic "Heylel was the bad guy who delivered the First Cabal to the Order of Reason". Divided in 5 parts, each one written by a different survivor of the Fall of the First Cabal, and each one representing it's corresponding style, the book does a great job explaining the different views (caused by the fact of different people belonging to different Traditions and beliefs). Although not a systems tool, which could disappoint some gamers, it's a great addition to anyone's Mage collection.

I actually don't own this book, but my storyteller does and I borrowed it from him. The story is great, the plot is magnificent. I couldn't believe what an amazing book this was, so I wanted a copy for me. This is one of the best books available if you really want to know what happened back then. I think this book is a must for Mage storytellers, either Mage:TSC or Mage:TA because it helps you with a different point of view.

The book was bent in half and deformed, I'm not sue if it was because of postal worker carelessness or if it was already that way but it's a delicate book and now I'm afraid to handle it because too much struggling with the bent pages might cause more wear.

great book, helps a lot in the game
