Havens Of The Damned (Vampire: The Masquerade)

Synopsis

Where the undead stay: Almost every Kindred has a haven, and those who don't are a sorry lot indeed. From a prince's sprawling estate to the steam-tunnel of a Nosferatu, a haven says much about its owner. This collection of unique havens looks at the specific needs of the Kindred who maintain them and gives advice on how to incorporate them into a story. Havens of the Damned includes: a folio of interesting havens that characterize the Cainites who dwell within; tips for Storytellers and players on how to use their characters' havens in stories; and the new Background Haven, which helps quantify this unique and indispensable resource.

Customer Reviews

If you are looking for a 'how to' guide to havens: tips on interesting and secure locations, security, and ways to add atmosphere to a character's haven this is not for you. This book basically just gives you ten or so sample havens, most of which are just strange and stupid. Storytellers might be able to include some of this stuff into stories, but for players it is all but useless.
