The Complete Idiot's Guide To Writing Erotic Romance (Idiot's Guides)

Synopsis

The basic rules for turning basic instincts into blockbuster success. Erotic romance reigns supreme as a big category of women's fiction; a billion dollar business serviced by a new breed of uninhibited writer. This book is the necessary how-to for first timers and a terrific guide for seasoned professionals as well, who are putting their racy and lucrative fantasies to paper. Now, for the first time, a veteran erotic romance author shows exactly what to do and how. The first book to guide writers to succeed in this multi-million dollar genre; Explores how to set up a plot and write good, steamy sex scenes; From a best-selling experienced author; Includes resource section for research tools and further reading; Interviews with top editors in the field; Foreword by Kate Duffy, editorial director at Kensington Publishing and founding editor of the genre

Customer Reviews

My understanding of the romance genre is so old that I had no idea that the romance genre had even sprouted an erotic subgenre that allowed for explicit sexual content. I still thought of romance books as teases--something that got you all hot and bothered and then shut you out of the "good stuff". While there's still plenty of romance to be found that follows that set of expectations, now you can find erotic romance as well. However, lest you think it's about gratuitous sex, it's part of the definition of the genre that the sex has to further the plot and the character arc. It can't be tacked on.

Sex is part of how the characters change, fall in love, explore themselves, and so on. But because it's an erotic romance rather than erotica, it's still about falling in love. Warning: This should be obvious, but I'm going to make it very clear just in case. This book is about writing in a genre that includes explicit sex scenes. That means that this book contains material about writing explicit sex scenes. It isn't meant to be titillating in its own right, but it is frank and blunt and doesn't shy away from necessary detail and discussion. Alison Kent has a knack for writing; that much is obvious (in fact, I think I'm going to have to get my hands on some of her fiction!). She's thorough, informative, blunt, frank, and above all, entertaining; I never felt that she sacrificed one aspect for another. She's utterly comfortable with her subject matter, which makes her the perfect author to write about such a potentially sensitive topic. She discusses all sorts of writing topics, applying them to the erotic romance genre quite handily.
