Customer Reviews

I like how there's multiple plots and cases Jill is working on, since she's a PI. I enjoy seeing how Jill is juggling her 2 lives and how much more difficult it's getting to be. Can't wait for the next book!!

I am addicted to this series. I pre-order the next one and eagerly wait for it each time. I like the way she writes and the humor of the main character. There are always a few plots in each book so you don't get bored. I've become attached to the characters and want to see how it all plays out. Will her sister, Kathy, ever find out she is a witch? Does she reach level six? Does Mrs. V fall in love and live happily ever after with Armi? Do the twins marry their boyfriends? Will we find out who TDO really is??? What does Grandma have in store for Jill next? These are things I look forward to reading

about.

Why can I not put these books down? They jump all over the place, are a bit confusing and a lot mysterious. It's like trying to read several books at once chapter by chapter. I LOVE IT. So much going on and just when you think it's safe to decide who the villain is, a new character appears. Can not wait for book 12.

This series had a chance to be great but every book is the same. Characters get themselves into the same situations in each book and even the parts meant to be funny are just annoying. About 5 percent of the book was something new and interesting. Not enough to read any more of these books.

Wow am I glad there are people who write and Adele Abbott is super good! I love to read, once I thought maybe I could write since I read so many books but no I cant . So keep on writing. I have already pre -ordered #12.

I'm hooked on this series and love the premise. With this specific book, there was one scene that I felt was underwritten and could have provided a lot more drama but that is a small quibble in the big scheme of this series.

The series is starting to get a bit too goofy, in dialogue and plot... Let's get back to more of a story and not written just for dumb yucks!

I stumbled upon this fun series and have enjoyed it! The characters are interesting and have grown and changed a bit, as people do, but still keep their little quirks! I love England and the British culture so I find that interesting, also! If you like something that's light, quirky, and fun, this series is for you!
