I used to like this series a LOT, but now the main character has become such a weak person, there is nothing to relate to. She is manipulated by EVERYBODY, lies even to herself, and is no longer likeable. The other characters have not evolved AT ALL. The plots to the mysteries that she has to solve are so simple they are uninteresting. I won't be getting any more of these. A real shame. If she would give her character an ounce of backbone, develop a REAL romantic interest, and/or make the mysteries more interesting, she would have a chance. The other characters have gotten boring as well. Two ditzy cousins who are a stereotypically shallow as can be, a cantankerous grandmother, who is the most interesting character, and a cat who is more interesting than the lead character...

I like to read and finished this one off quickly. Waiting for the next one. These are shorter Stories so can get through them quickly. Don't start this one if you have not Read them all. I have learned my Lesson from this Set. Beings it drives me Bonkers to know the End of a Story, I will wait until all Books are Released before starting another Series.This Set is Kind of Cute in how it continues through each Book. Light Hearted and Fun.

Again, the characters have character, and the series continues where it leaves off. the only one that gets me is Grandma, but she has a style of her own, I guess, she pushes her granddaughter to due her best. I can't wait until the next one comes out. The auther has a good ideas and I hope the ideas keep coming because I love this series....

I liked the first couple of these, but with each book the protagonist, Jill, becomes more of a wimp. Her neighbors, her sister, her sister's bratsâ "even her dog, cat, and hamster push her around. Worse, she becomes increasingly stupid.No more for me.

I am thoroughly enjoying this series! The characters are good fun and the stories keep seeing them grow and get better! Please, any chance you can write any faster????? I got this last Friday and finished it on Sunday!

I am enjoying this cozy mystery series so much. I feel like I know all of the characters so well, including Winky, the one eyed cat. I can picture him with his decorative eye patches and his cat attitude. ^œ I always hope to have another book in the series waiting when I finish the one I'm reading. Never stop ^• ^

This author is an absolute treasure. I always enjoy her original, creative and funny approach to the P.I. story-- and her light touch with potentially heavy family dynamics. Her animal characters are stars in their own right--this time around it was fun to meet Hamlet and I just kept wanting to give Barry big hugs and bowls full of treats. And Winky! ^..^ What can be said! ;-) Love them all.

Well after some issues with one of the earlier books in this series,I am so glad that I kept going with these ... I feel that the main character,Jill is getting more out of her life now,even if she has the hots for 3 sexy men and nothing is getting serious with any of them.....yet.Winky is hilarious as ever.The cliffhinger at the end makes me gasp and makes me want to get right to reading the next

book..stick it out with this series,you will be happy you did.!!!
