Guide To The Code Of Ethics For Nurses: With Interpretive Statements: Development, Interpretation, And Application

Synopsis

An essential resource for nursing classrooms, in-service training, workshops and conferences, self-study, and wherever nursing professionals use ANA's "Code of Ethics for Nurses with Interpretive Statements" in their daily practice. Each chapter of this comprehensively revised text is devoted to a single Code provision, including:

- Key ethical concepts.
- Theories and models of ethical decision-making.
- Historical, professional and societal issues, trends and other influences.
- Each interpretive statement's contribution to interpreting and applying the provision examples and illustrative cases, based on real situations, to facilitate study and discussion.
- Bibliographic Web links to key national and international documents.

For convenience of reference, the text of ANA's "Code of Ethics for Nurses with Interpretive Statements" is included as an appendix. This book will challenge each nurse to achieve deeper professional and personal understanding, and will provide a foundation for professional pride. From the classroom to professional practice, nurses in all roles or settings will find "Guide to the Code of Ethics for Nurses" to be a powerful tool for learning how to examine and apply the values, duties, ideals and commitments of their living ethical tradition to their practice. From the classroom to professional practice, nurses in all roles or settings will find "Guide to the Code of Ethics for Nurses" a powerful tool for learning how to examine and apply the values, duties, ideals, and commitments of their living ethical tradition to their practice.

Customer Reviews

Neutral here. I needed it, I received it quickly. It is what it is - the updated guide to how one should conduct themselves and strive to be as a nurse.

What can I say- it's a book.
