Abundance For All: The Lightworker's Way To Creating Money And True Wealth (Fifth Dimensional Life Series Book 1)

Synopsis

“The Collective give a deep invitation to finally free ourselves from the illusion of lack and hard work programming, and to open up to a new system . . . where we can freely use our co-creational abilities.” — Moncef Afkir, Host, Your Divine Uniqueness telesummit “A must-read for awakening into the higher vibrational frequencies, and mastering the tools of the 5th dimension.” — Patty Malek ~ Soul Life Media “Heartfelt gratitude for this amazing, Soul-awakening manual . . . tears of joy, remembering Who I Am and why I’m here.” — Mari, Lightworker, Arizona “An enlightening read which clearly explains why there is no such thing as ‘lack,’ that abundance is everywhere, and how to attain and create it . . . Leaves the reader with a feeling of contentment and hope for the future.” — Michael, Lightworker, Connecticut Channeled from the Collective, the new Fifth Dimensional Life series begins with Abundance For All. The Collective are a group of Galactic and Angelic Beings who include the Ascended Masters, legions of Angels and Archangels, the elementals of Earth, Air, Water, Fire, and Ether, and other Guides and Light Beings. They are here to support us as we Ascend into fifth dimensional living. Their latest book is practical and empowering, full of higher energies and the insights of the higher realms. With complete understanding of human life and its daily challenges, each chapter offers much-needed higher insights, wisdom, and practical direction on issues such as: Dealing with the Energies of the Current Money System, Changing Your Abundance Blueprint, Releasing Struggle and Hard Work • Programming Manifesting from a Fifth Dimensional Level, Dealing with the Poverty Mindset of Loved Ones, Understanding the Timing of Manifestations, Keeping Money in Perspective, and What True Wealth and Abundance Look Like. Join the Collective on this enlightening journey into fifth dimensional living. It’s time to experience true wealth, as we transform financial life on this planet. Excerpt from Chapter 3 “On Dealing with the Energies of the Current Money System” There is in the human race, by virtue of each person’s soul presence, the ability to believe and deny the illusion that you must work for your right to be alive, that you must, as they say, pay to live on your own planet. That you must earn a living, as if living was not an intrinsic right and a great, unbuyable gift. And so the outlook you must have about money is to bless it and say, as if you were speaking to a much-beleaguered friend, I know that none of this is your fault, my friend. I thank you, and I bless you with Light. The system is indeed built upon the expectation of greed, of unnecessary acquisition, of extreme unevenness in income and social status. It does indeed hold some dark aspects — look at the symbolism of many a paper currency, and you will see there symbols of oppression and the dark arts, proudly displayed. And yet, you are able to overcome these shadowy intentions, just as the prisoner or the slave is able to sing in the cold and the

dark. Begin by blessing whatever money you have, whether in an account, or in your pocket. Put your hand on it and say, "I now draw you up to a new level of service to the Light. Behold, all things are new again!" • In so doing, you are raising the admittedly low density of Earth money energy to something far higher. You are raising it to its own higher purpose of doing good upon the Earth. Of creating beautiful gardens, of healing and inspiring humanity, of investing in fifth dimensional technology, and in the purification and healing of your water, air, and crops. Begin now to treat two things very differently: all the money that you have or see, and your own ability to create abundance, in all its forms

This is the first book on abundance I've read that guides the reader in breaking soul contracts. I needed this greatly, as I learned with the aid of a shaman that there are curses in my ancestral lines and past lives in which I lived in great poverty. I came into this life too living in lack. I appreciated Caroline's explanation of humanity's history of slavery and that awakening to our power includes living in the flow of abundance, our birthright. Reading Caroline's work illuminated for me the limiting beliefs that have kept me in fear and limitation. I was quite shocked in the beginning, as I became

aware of how many of these beliefs I hold and how much repressed guilt I held every time I attempted to step into abundance! No wonder I've never earned over \$45K/year (and that lasted for only a few months). This book also helped me unload my shame around debt. I gave the book 4 stars instead of 5, because as I read it I actually entered one of the worst financial situations of my entire life. I couldn't sleep. By focusing on the topic, I actually kept noticing how low my bank account was getting. When I didn't see an increase, I demanded financial stability from my soul family and guides--and saw nothing of the sort for days and days. I got phone calls and letters from debtors and lost a few clients. This isn't the author's fault, though. I was over-focused on the topic and somehow lowered my vibration. Once I shifted focus on the tiniest elements for which I'm grateful (right down to the air I breathe) and engaged in joyful activity, things started to improve. I recommend a chapter on how to handle emergency financial situations, because once we're in one it can be so easy to spiral into fear and anger and wondering what we've done wrong.
