Customer Reviews

I first encountered The Seth Material on a rainy afternoon in the upper level stacks of the Towanda Public Library, in Pennsylvania. Earlier, in a local paper, I had seen a small write-up about a woman in Elmira, New York, who goes into trance and speaks as someone named Seth. "Yeah, right," I remember thinking. Then that day in the library, my hand closed over a volume. I saw the title, shrugged, and checked it out. I had no idea of the ride I was about to embark upon. At age 40, I was not totally unprepared for Seth. I had studied Rosicrucian monographs for nine years and, since my early twenties, had felt a keen interest in metaphysics and philosophy. Yet, I had always had a skepticism about mediums and seances and things ectoplasmic. I began reading. I learned of the coming of Seth into the lives of Jane Roberts, and her husband Robert Butts. It was bemusing to follow the progress of two people who may well have been as skeptical as I. Well, how would you feel if suddenly some personality essence entity entered your body and proceeded to lecture? It's quite one thing to accept it in theory, but if it happened to me, I think it would scare me-well-witless. I read on. I got past the mediumship thing and into the meat of the message. When I began to assimilate what Seth was saying, I no longer cared whether Ms. Roberts was getting the information from a disembodied spirit or her goldfish. The material, to me, was electrifying. On one hand, it seemed hauntingly familiar. I found myself saying, "of course, that's how it must be!" And "yes, I seem to remember...." On the other hand, it took me a very long time to read The Seth Material (and every other Seth book). You don't speed read Seth!
