Zohar: Bereshith To Lekh Lekha

Synopsis

The Zohar Bereshith to Lekh Lekhaby Nurho de ManharThe Zohar is a Kabbalistic commentary on the Hebrew Bible."This is the only extensive translation of a portion of the Zohar, the longest and one of the most important texts of the Kabbalah[.]The Zohar is a Kabbalistic commentary on the Hebrew Bible. Long before the 'Bible Code,' Jewish scholars were attempting to wring deep meaning out of every syllable of the text of the Hebrew Bible, using numerology, gematria, and other techniques. Dozens of pages in this book are devoted to analyses of the hidden meaning behind first few letters of Genesis! This might seem ultra-pedantic; however, the Zohar makes the Biblical text come to life, brimming with mystical significance. Seemingly unimportant details and turns of phrase, which you may have read long ago and forgotten, lead to immense vistas of a mysterious world inside the world.This is not a critical edition; written by a pseudonymous Theosophist, probably British, it is laced with out-of-place terminology such as 'Karma' and 'Planes.' It nevertheless lets you wade in the rip current of one of the most magical of the world's sacred texts, and leaves you gasping for air and wanting more."
