Everyday Witchcraft: Making Time For Spirit In A Too-Busy World

Synopsis

Walk your personal Pagan path with grace and wisdom, integrating a spiritual practice into your life in just a few minutes per week. Simple, fun, and easy to follow, *Everyday Witchcraft* shows that, no matter how busy or hectic life is, even small acts can add meaning and depth to your life. This remarkable book is filled with creative ideas and a variety of quick yet significant ways to connect with the rhythms of nature each day, not just on sabbats or the full moon. Make your home into a magickal place, work with the God and Goddess on a regular basis, and discover the magickal power of animals. From five-minute rituals and hibernation vacations to mini daily divinations, you can easily make the wisdom and practice of Witchcraft an enriching part of everyday life.

Praise: "This is a book that deserves a place on all shelves for it is pertinent not only to the Pagan-inclined but to all who look to better their lives." —Raymond Buckland, author of *Buckland's Complete Book of Witchcraft* "A must-have for any Witch looking to evolve their practice from a mere study of the Craft into a fully fledged lifestyle." —Melanie Marquis, author of *A Witch's World of Magick* and *The Witch's Bag of Tricks* —

Customer Reviews

This book was provided to me by the publisher through NetGalley in exchange for an honest review. I was excited to read this book, and was so happy that it did not disappoint. And the writing style was beautiful — "I could almost hear the author reading aloud. She definitely has her own

voice, and she uses it well. She writes in a very no-nonsense manner. Everything is straightforward and easily understandable. She throws in these dashes of humor that break things up so smoothly and at just the right places. And I can't emphasize enough how much I love the simplicity of the entire book. There are so many people I could see picking up and utilizing this book. The experienced Witch trying to revitalize their practice (such as myself). Someone who might be interested in Witchcraft but the idea of ritual and spells makes them uncomfortable. And she says it in the book, but it's definitely worth nothing here: If you end up reading this book, something is calling you to a deeper, more involved spiritual practice. Being that I've been a practicing witch for a | eesh, at least fifteen+ years (I've lost track), there were some sections I skipped over: moon phases, Wheel of the Year, the elements. The majority of the information there is a old news for long-time practitioners, but it never hurts to re-acquaint ones self with the basics. Plus, she includes great little rituals to help solidify your connection with the different elements and such. I also ended up skipping others because there wasn't really any relevance to an actual daily practice. Still, I'll probably go back and read it again and make notes on the information. Even when I had other things to do, I had a hard time putting it down.
